Deepavali Celebration	Assessment Coffee Morning	Assessment Week	Year 7 Coffee Morning	Times Table Rockstars Event
<p>The whole campus will be starting the half term celebrating Deepavali, with a special assembly and a dance led by children from Kindie, Primary and Secondary. Children will be hearing the story of Rama, Sita and Lakshama returning to Ayodhya and are encouraged to wear bright, celebration-style clothes. Traditional dress is welcomed from anyone celebrating Deepavali with their families.</p>	<p>Ms Charlotte will be welcoming parents into the Library at 09:00am to share how assessments are used and done across the Primary year groups, including observational assessments and more formal testing. Parents will find out the kinds of tests taking place, how we use and share results and how we make sure children are prepared and ready to apply their skills independently.</p>	<p>Term 1 assessments will take place across the week in classrooms, across Reading, Writing and Maths. No preparation is required for these assessments and all outcomes will be shared with parents, alongside in-class observations. These will be shared in reports and there will be a further Coffee Morning to share how we report progress and achievement to parents.</p>	<p>Year 5 and 6 families will be invited to our Coffee Morning, in the Library at 09:00am, to have an initial insight into what Year 7 at Eaton will look like for their children. A future Coffee Morning will be dedicated to transition, and more detailed preparation for Secondary school, but this morning gives parents the opportunity to explore the differing timetables, facilities and teachers.</p>	<p>Children will put their quick recall of number facts to the test! Throughout the day, children will take part in various fun and engaging challenges designed to improve their speed and accuracy in recalling multiplication facts. This event aims to boost confidence in Maths, encourage friendly competition, and promote a love for learning times tables across the entire school community.</p>

If you have any questions regarding the Primary School, please contact Ms Charlotte at
